### Terms of Assessment

The scope of the evaluation is to verify compliance with Carl Ronnow Logistics Sdn. Bhd. to the criteria within the Sabah Timber Legality Assurance System (TLAS) Principle 5 - Mill Operations and Principle 6 - Trade and Customs standards. Compliance is defined when the organization demonstrates that there is no non-compliance to any applicable criteria. Non-compliance to the Sabah Legality Standard occurs when the organization does not comply with 1 or more criteria. Non-compliance must be formally addressed prior to certification or within 2 months following a surveillance assessment.

### Limitations of Assessment

The information presented in this report is based on documentation and other information presented by the client and observations made during the field verification under the assessment. Auditor's reporting of information presented by the client is taken as accurate unless evaluated differently through the observations made during the assessment. All information presented in the report is accurate and complete to the best knowledge of GFS.
